Naim – Recommended Systems

Suggested System 1

An ideal first step on the Naim ladder, this three-piece system provides high quality access to music on Compact Disc.

In common with all Naim systems, it provides easy routes for expansion and upgrading.

The system comprises:

NAIT5i integrated amplifier
CD5i compact disc player
n-SAT loudspeakers

Recommended Upgrades:

CD5x compact disc player
NAP 150x power amplifier
NAC 122x preamplifier
Flat-Cap 2x power supply
n-SUB subwoofer

Suggested System 2

An upgrade on System 1 and introducing the NAIT XS integrated or our pre/power approach that provides unmatched scope for enhanced performance and system expansion.

The system comprises:

NAIT XS integrated amplifier
CD5x compact disc player
n-SAT loudspeakers

Recommended Upgrades:

NAP 150x power amplifier
NAC 122x preamplifier
Flat-Cap 2x power supply
n-SUB subwoofer
Allae Loudspeakers

Suggested System 3

Superbly flexible and capable of easy expansion, this system provides an enticing introduction to the world of sophisticated pre/power amplification and digital music storage.

The system comprises:

Web: www.ceritech-audio.com : Email: info@ceritech.co.uk : Telephone: 0844 7365719

Naim – Recommended Systems

CDX2 compact disc player
HDX hard disk player
SUPERNAIT integrated amplifier
Allae loudspeakers

Recommended Upgrades:

XPS2 power supply
555PS power supply
Hi-Cap power supply
NAP 200 power amplifier
SL2 loudspeaker
n-SUB subwoofer

Suggested System 4

Superbly flexible and capable of easy expansion, this system provides an enticing introduction to the world of sophisticated pre/power amplification.

The system comprises:

CDX2 compact disc player
HDX hard disk player
NAC 202 preamplifier
NAP 200 power amplifier
Allae loudspeakers

Recommended Upgrades:

XPS power supply
555PS power supply
CDS3 compact disc player
Hi-Cap or Super-Cap power supply
NAC 282 or NAC 252 + Super-Cap preamplifier
NAP 250 or NAP 300 power amplifier
SL2 loudspeaker
n-SUB subwoofer

Suggested System 5

Our fifth recommended system brings you close to the point where our no-compromise systems are just an upgrade or two away.

Of course, having come this far, you might feel no need to go further. This system comfortably beats the pants off most that you will have heard - at any price! But then, if you have truly great expectations . . .

The system comprises:

Web: www.ceritech-audio.com : Email: info@ceritech.co.uk : Telephone: 0844 7365719

Naim – Recommended Systems

CDX2 compact disc player with XPS2 power supply
HDX Hard disk player with XPS2 power supply
NAC 282 preamplifier with Hi-Cap power supply
NAP 250 power amplifier
SL2 or Allae loudspeakers

Recommended Upgrades:

555PS
CDS3 compact disc player
NAC 252 preamplifier and Super-Cap power supply
NAP 300 power amplifier

Suggested System 6

Our sixth system comes as close to our current ultimate system as is possible without biting the bullet and purchasing the finest of everything Naim make.

This system brings astonishing musical performance into your home, which can only be bettered by - you guessed it - System 7.

The system comprises:

CDS3 compact disc player with XPS2 power supply
HDX hard disk player with XPS2 power supply
NAC 252 preamplifier with Super-Cap power supply
NAP 300 power amplifier
SL2 loudspeaker

Recommended Upgrades:

555PS power supply
CD555 CD player
NAC 552 preamplifier
NAP 500 power amplifier
Go active, with 2 NAP 500 amplifiers and the SNAXO 242 with Super-Cap
Add the n-SUB to the SL2

Suggested System 7

Whoa! This is as far as you can go right now - in passive mode. A system that will blow your mind - and blow the glass out of your windows if you're playing it at the levels it deserves.

This is the point where beauty meets brute force . . . and the results are magical. Power, passion, panache: the most convincing musical experience you'll enjoy short of having your favourite performer round to play a private gig in your living room.

The system comprises:

Web: www.ceritech-audio.com : Email: info@ceritech.co.uk : Telephone: 0844 7365719

Naim – Recommended Systems

CD555 compact disc player with 555PS power supply
NAC 552 preamplifier
NAP 500 power amplifier
DBL loudspeakers

Recommended Upgrades:

Go active with two more NAP 500 power amplifiers and a SNAXO 362 crossover
Add a second 555PS
HDX hard disk player

Suggested AV System 1

Into-one-box integration has not lessened the desire or indeed even the requirement to deliver traditional Naim values of musical performance and the newer values of video and digital signal processing as illustrated by the award winning DVD5 DVD player and AV2 AV processor.

The system comprises:

n-Vi Integrated CD/DVD player/processor/amplifier
n-System loudspeakers

Recommended Upgrades:

NAP 200 power amplifier
HDX hard disk player

Suggested AV System 2

Our approach to home cinema ensures that as well as making watching a movie a dramatic and entertaining experience, this system will play music as only a Naim system can, fully respecting the emotion and commitment of the composition and performance.

The system comprises:

DVD5 DVD/CD player
AV2 processor
NAP 150x power amplifier
NAPV 175 amplifier
n-System loudspeakers

Recommended Upgrades:

NAC 202 preamplifier
NAP 145 mono power amplifier

Web: www.ceritech-audio.com : Email: info@ceritech.co.uk : Telephone: 0844 7365719

Naim – Recommended Systems

Suggested AV System 2

The ultimate approach? You could go better by upgrading the preamplifier or adding a power supply but you're already very near the top of the home cinema tree with this system.

The system comprises:

DVD5 DVD/CD player
AV2 processor
NAC 202 preamplifier
NAP 200 power amplifier
NAPV 175 amplifier
n-System loudspeakers

Recommended Upgrades:

NAC 282 or NAC252 + Super-Cap preamplifier
NAP250 power amplifier
